## **Labour Market Research Package**

The purpose for this labour market research is to assist you in making an informed career choice that will suit your personality and lifestyle. The best source of information to find out about a job or the demand for the career you are choosing is an employer.

As a result, you MUST complete the following:

- Contact a minimum of three (3) employers in the field or occupation you are training for and complete the labour market research form.
- Submit the completed forms with your application for funding.
- The forms MUST be included with your application. Failure to complete three (3) labour market information forms may result in a delay in assessing the application.

Remember that the purpose for this research is to learn and gather information about the career you are training for not to get a job.

An e	example of how you might say to the employer is:	
	"I am interested in training for a career in gather information about this career. I would like to kno now so I can complete this research. It should only take will help me make an informed decision about this care	w if we could meet or if we can talk right about 10 to 15 minutes of your time and

Please complete and submit this package with your application as soon as possible to avoid any delay in processing your application
